

## **Website Accessibility Statement pursuant to Legislative Decree No. 82/2022 (transposition of EU Directive 2019/882)**

Zuegg SpA, with registered office in Verona (VR), via Francia, 6, VAT No. 02913800237, is committed to making its website accessible, in accordance with Law No. 4 of January 9, 2004, and pursuant to Legislative Decree 82/2022 and Directive (EU) 2019/882 (European Accessibility Act). This statement is intended to clarify the compliance status of the website: <https://www.zuegg.com>

### **Compliance Status**

Partially compliant. This website is partially compliant with the requirements set out in Annex A of the UNI CEI EN 301549 standard due to the non-compliances listed below.

Following the accessibility audit, the following criteria have been identified as not fully satisfied and are included in this accessibility statement:

C.9.1.1.1 Provide text alternatives for all non-text content.

C.9.1.3.1 Information, structure, and relationships must be programmatically determinable.

C.9.1.4.3 The minimum contrast ratio between text and background must be 4.5:1 (or 3:1 for large text).

C.9.2.1.1 All functionalities must be operable via keyboard.

C.9.2.1.2 Keyboard focus must not be trapped within any component.

C.9.2.1.3 All functionalities must be operable via keyboard without requiring specific timing for individual keystrokes.

C.9.2.4.1 A mechanism must be available to skip blocks of content that are repeated across multiple web pages.

C.9.2.4.3 The focus navigation order must be meaningful and consistent.

C.9.2.4.4 The purpose of each link must be determinable from the link text or its context.

C.9.2.4.6 Headings and labels must describe the topic or purpose of their content.

C.9.2.4.7 A visible focus indicator must be present and clearly visible.

C.9.2.4.9 The purpose of each link must be identifiable from the link text alone.

C.9.3.1.2 The language of any passage or phrase in a language other than the default language must be programmatically determinable.

C.9.3.3.1 If an input error is detected, the erroneous element must be identified and the error described in text.

C.9.3.3.2 Labels or instructions must be provided when content requires user input.

C.9.3.3.1 If an input error is detected, the item in error must be identified and the error described in text.

C.9.3.3.2 Labels or instructions must be provided when content requires user input.

### **Preparation of the accessibility statement**

This statement was prepared on 23 September 2025.

The assessment was carried out by third parties through objective and subjective analyses (see Article 3(1) of Commission Implementing Decision (EU) 2018/1523).
